

# TAKAKA FRESHWATER AND LAND ADVISORY GROUP

## AGENDA

9.30AM – 3.00PM / THURSDAY 6 APRIL 2017 / FIRE STATION, TAKAKA

---

### Purpose of today:

- Sharing knowledge and wisdom, and increasing understanding about:
    - key sources of contaminant discharges to freshwater in the Takaka FMU
    - “Good Management Practice” approaches for land and water uses that impact freshwater quality
    - Mana o te Wai - Maori perspectives on freshwater and approaches to maintaining the mauri and mana of water
    - how to maintain or improve water quality
- 

<b>9.30 AM</b>	<b>Welcome &amp; Karakia</b> Outline of day
<b>9.40</b>	<b>Check-in</b> Round the group check-in (optional)
<b>9.50</b>	<b>Updates</b>  Next meeting – field trip or hui with Manawhenua ke Mohua?
<b>10.00</b>	<b>Critical source areas for contaminant discharges from farms and their impacts</b> <i>Presentation – Trevor James (20 mins)</i> <i>Q&amp;A/Discussion (30 mins)</i>
<b>11.00</b>	<b>Kapu Ti</b>
<b>11.15</b>	<b>Good Management Practices (GMP) in dairy farming</b> <i>Presentation – Mirka Langford (20 mins)</i> <i>Q&amp;A/Discussion (30 mins)</i>
<b>12.15</b>	<b>LUNCH</b>
<b>1.00</b>	<b>Using the knowledge shared this morning to inform the policy and planning approach for water quality management in Takaka catchments</b> Led discussion covering: <i>what you find most reassuring and/or concerning</i> <i>the water quality management approach you think should definitely be used in the Takaka FMU – through a regulatory or non-regulatory plan?</i>

[Note: this session was planned for end of day, but Barney Thomas is available to speak at 2 pm, therefore this session misses incorporating what you may hear on Maori perspectives, but we can add these in after Barney’s korero]
