

Water Shortage Direction

Section 329 of the Resource Management Act 1991

Domestic water use within any water management zone during periods of water rationing in that zone is restricted:

No watering of lawns or decorative gardens is permitted.

Stock drinking water is not restricted.

Stage 1 Rationing which is a 20% cut from authorised weekly usage will remain in place from **Monday 10 February 2020** for the holders of consents who are in the following Water Management Zones

Motupiko, Moutere Eastern Groundwater.

Stage 1 Rationing which is a 20% cut from authorised weekly usage will commence **Monday 10 February 2020** for the holders of consents who are in the following Water Management Zones

Lower Confined Aquifer, Hope and Eastern Hills, Lower Confined Aquifer (Unaffiliated), Hope and Eastern Hills (Unaffiliated).

Stage 1 Rationing will commence **Monday 10 February 2020** for the holders of consents who are in the following Water Management Zones

(This is a 20% cut to the expired Resource Consent maximum weekly authorised volume. If this volume exceeds the maximum weekly authorised volume determined by the bona fide review, the bona fide volume prevails.)

Lower Confined Aquifer(Affiliated), Hope and Eastern Hills(Affiliated).

It is important Consent holders are familiar with Resource Consent conditions

The position will be reviewed at the next meeting of the Dry Weather Taskforce on 11 February 2020
