TIME: 9.30 am
VENUE: Council Chamber, 189 Queen Street, Richmond
MEMBERS: Cr T King (Chair) and Cr S Bryant
COMMISSIONER: Dr M Johnston

TIME

9.30 am Onwards: **Application No. RM071067 – Motueka Port Users Limited**

The application seeks to undertake repair work and ongoing maintenance work to an existing 380 metre long training wall structure located at the southern side of the entrance of the Motueka River (locally known and referred to as the entrance to Motueka Harbour). The existing training wall has deteriorated to a point where it is no longer functioning as originally designed and this application seeks to repair the wall and also to provide for its ongoing maintenance. The purpose of the training wall is to direct water flow within the Moutere River entrance channel, prevent or reduce shoaling of the channel caused by material moving via littoral drift, and protect the entrance from wave action and cross-currents. The activity is a Restricted Coastal Activity and also a Discretionary Activity.

The application site is located between Jacket Island Port Motueka, at the southern side of the entrance of the Moutere River (locally known and referred to as the entrance to Motueka Harbour).
