6 REPORTS

6.1 CONSIDERATION OF THE 2021/2022 APPLICATIONS TO THE COMMUNITY GRANT AND COMMUNITY CONSULTATION FUND

Decision Required

Report To: Community Grants Subcommittee
Meeting Date: 25 August 2021
Report Author: Gary Alsop, Community Partnerships Co-ordinator
Report Number: RCSGS21-08-1

1 Summary

- 1.1 The report presents to the Subcommittee the applications for:
 - 1.1.1 2021/2022 annual Community Grants and;
 - 1.1.2 2021/2022 Community Consultation Fund.
- 1.2 Community Grants are allocated to organisations whose services and projects provide wide community benefit and wellbeing to the Tasman community. Within the Community Grants scheme there are seven categories in which applicants must select one category best related to their application.
- 1.3 A budget of \$219,000 is available for Community Grants in this funding round. A total of 130 applications were received, requesting a total of \$403,448.83.
- 1.4 The grants criteria for assessing the applications are outlined in the body of this report. The Subcommittee is asked to assess the applications and allocate funding as it considers appropriate. Staff recommendations on funding allocations are contained in Attachment 1.
- 1.5 Community Consultation Funding of \$27,006 is for assisting ratepayer and community associations with community consultation. Recommendations are outlined in the body of the report for how this funding should be allocated.

2 Draft Resolution

That the Community Grants Subcommittee:

1. receives the Consideration of the 2021/2022 Applications to the Community Grant and Community Consultation Fund RCSGS21-08-1; and
2. approves the funding allocations in the table below from the Community Grants fund for 2020/2021; and

Organisation	Project	Allocation
--------------	---------	------------

(table to be completed at the meeting following the discussion on the Grant applications)		
--	--	--

- 3 approves the funding allocations from the Community Consultation Funding Scheme for 2021/2022 as follows:**

Dovedale Residents Committee	\$2,200
Murchison & Districts Community Council	\$2,200
Wakefield Community Council	\$4,000
Brightwater Community Council	\$3,000
Rotoiti District Community Council	\$2,000
Tasman Area Community Council	\$2,400
Mapua & Districts Community Association	\$4,400
Motueka Valley Association	\$2,400
Tapawera & Districts Community Council	\$4,400
Total	\$27,000

3 Purpose of the Report

- 3.1 The purpose of the report is to provide the Community Grants Subcommittee the opportunity to consider the applications for the Community Grants funding scheme and the Community Consultation funding scheme, and to make decisions on how much funding to allocate to each of the applications.

4 Process for Consideration of Grants

- 4.1 The process for consideration of Grants:
- (a) The Tasman District Council Community Grants Subcommittee will consider all applications which were received prior to the closing date.
 - (b) Staff have provided the Subcommittee with comments and recommendations on the applications based on the criteria (Attachment 1).
 - (c) A database summary of all applications will be sent out to each Subcommittee member.
 - (d) Each Subcommittee member will be required to assess applications for one or two categories, depending on the number of applications in each category. We will send out to Subcommittee member's copies of the applications we have allocated to each of you for your assessment.
 - (e) Subcommittee members should consider:
 - if they support the application, the amount of support suggested and any conditions on granting support; or
 - if the application is declined, the reasons for declining must be given. This will be used to inform the letter to the applicants.
- 4.2 Please note that several applicants provided significant supporting material. This information is available to the Subcommittee - please contact Council's Community Partnership Officer if you wish to see or have copies of these attachments.
- 4.3 Several applications have been reallocated to other categories, as some categories were oversubscribed (i.e., Festival and Events). By example; the RSA memorial services are moved from the Festival and Events category to the Arts/Culture/Heritage/Museums category. Reallocated applications still fit within the intent of the particular category they have been moved to.
- 4.4 Some organisations have submitted more than one application. These applications are taken into consideration when recommending funding allocation, meaning that some applications may be considered a higher priority than others. Multiple Community Grant applications are included in (Attachment 2)
- 4.5 The table below identifies the Councillor allocated to each category:

Category to consider	Councillor
Arts / Culture / Heritage / Museums	Cr Wensley

Community and Economic Development Initiatives	Cr Turley
Emergency Services	Cr Bryant
Environment	Cr Wensley
Festival and Events	Cr Walker
Social Services	Cr Turley
Sport and Recreation Facilities	Cr Bryant
Youth / Children	Cr Butler

- 4.6 Attachment 4 contains a list of organisations that have not returned their 2020 accountability forms. These organisations are not eligible for further funding until we have received a completed accountability form for their 2020 Community Grant. Each organisation has been sent reminders. Staff will advise the Subcommittee if any forms are received before the meeting on 25 August 2021.

5 Community Grants

- 5.1 Community Grants are allocated to organisations whose services and projects provide wide community benefit and wellbeing in activities that are related to Tasman District Council's objectives. Applications are categorised under the following categories and funding allocations.
- Arts/Culture/Heritage/Museums \$30,000
 - Community and Economic Development \$30,000
 - Emergency Services \$16,000
 - Festivals and Events \$35,000
 - Environment \$20,000
 - Social Services \$30,000
 - Sport and Recreation Facilities \$33,000
 - Youth/Children \$25,000
- 5.2 The funding round has a total of \$219,000 available.
- 5.3 The current round closed on 31 July 2021 with 130 applications received requesting a total of \$403,448.83. This is a similar level of funding requested compared to previous years.
- 5.4 The Subcommittee needs to consider applications on the following criteria:
- Demonstrates the contribution the project will make to Council's Community Outcomes and Long-Term Plan priorities (refer section 9 of this report).
 - Takes place within Tasman and/or demonstrates benefit to Tasman residents (services delivered regionally will have funding eligibility relative to the benefit derived by Tasman residents).

- Applications must be for a specific service and identify benefit to the community that will result from the funding.
- Be aligned with the purpose of local government as contained in the Local Government Act 2002 (refer section 9 of this report).
- Applications included in the Sport and Recreation Facilities category, must be for capital works or improvements to recreation facilities and must be in the Tasman District. Preference will be given to projects on Council owned reserve land and community owned recreation facilities. The Committee may also wish to give priority to facilities where groups are sharing facilities with other groups.

6 Community Consultation Funding

6.1 The Community Consultation grants are distributed for the purpose of providing funding assistance to ratepayer and community associations to assist with consultation within their respective communities. There is a total of \$27,006.00 available for allocation.

6.2 In **2020/2021** the following organisations received these amounts:

Dovedale Residents Committee	\$1931.72
Murchison & Districts Community Association	\$2200
Wakefield Community Council	\$4327.84
Brightwater Community Association	\$3000
Rotoiti District Community Council	\$2000
Tasman Area Community Association	\$2450
Mapua & Districts Community Association	\$5000
Motueka Valley Association	\$1000
Tapawera & Districts Community Council	\$4800

Total: \$26,709.56

6.3 For **2021/2022**, the applications we have received to date are as follows:

Applicant	Requested	Staff Recommendation
Dovedale Residents Committee	\$2,900	\$2,200
Murchison & Districts Community Council	\$2,200	\$2,200
Wakefield Community Council	\$4,327.84	\$4,000
Brightwater Community Council	\$3,500	\$3,000
Rotoiti District Community Council	\$2,000	\$2,000
Tasman Area Community Council	\$2,450	\$2,400
Mapua & Districts Community Association	\$7,000	\$4,400
Motueka Valley Association	\$2,750	\$2,400

Tapawera & Districts Community Council	\$4,800	\$4,400
Total	\$31,927.84	\$27,000

- 6.4 My recommendations are that all 2021 Community Consultation applications receive the amount in the staff recommendation in the table above, totalling \$27,000.00. Further information for allocation of funding to these organisations is contained in Attachment 3. Applications were received this year from all Community and Resident associations.

7 Options

- 7.1 There are two options:

Option 1 - for the Community Grants Subcommittee to consider the 2021 Community Grant applications and 2021 Community Consultation applications and allocate funds to successful applicants based on staff recommendations contained in Attachment 1 and 3. Consideration of the Community Grants applications will be guided by the Community Grants criteria and priorities as identified in the Community Grants Policy and the application process. This is the recommended option.

Option 2 – for the Community Grants Subcommittee to amend the recommended allocations contained in Attachments 1 and 3. This option is appropriate if the Subcommittee wishes to amend the recommended amounts being allocated to the various groups based on the allocation criteria.

8 Strategic Challenges / Risks

- 8.1 The main potential risks to the Council from allocating the funding through Community Grants are the risk that some groups will not be happy with the allocation they receive or if they do not receive any funding, and the risk that the funding may not be allocated within the appropriate criteria for the scheme. The Subcommittee can mitigate the risks through clearly explaining the reasons for the decisions to the applicants and through careful consideration of the applications to ensure they meet the criteria.

9 Policy / Legal Requirements / Plan

- 9.1 The proposed funding fits with the purpose of local government, where Section 10 of the Local Government Act 2002 states:
- “(1) The purpose of local government is—*
- (a) to enable democratic local decision-making and action by, and on behalf of, communities; and*
 - (b) to promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.”*
- 9.2 The Council’s role in grant funding is to meet the needs of our local community by assisting community sector groups to provide services to the Tasman community in order to contribute to community well-being.

- 9.3 The Council’s community outcomes (from page 48, Tasman’s 10 Year Plan 2021-2031) are:

COMMUNITY WELL-BEING AND COMMUNITY OUTCOMES

- Our Council provides leadership and fosters partnerships, including with iwi, fosters a regional perspective, and encourages community engagement

SOCIAL WELL-BEING

- Our communities are healthy, safe, inclusive and resilient
- Our urban and rural environments are people-friendly, well planned, accessible and sustainably managed
- Our communities have access to a range of social, cultural, educational and recreational facilities and activities

ECONOMIC WELL-BEING

- Our region is supported by an innovative and sustainable economy
- Our infrastructure is efficient, resilient, cost effective and meets current and future needs

ENVIRONMENTAL WELL-BEING

- Our unique natural environment is healthy, protected and sustainably managed

CULTURAL WELL-BEING

- Our communities have opportunities to celebrate and explore their heritage, identity and creativity

10 Consideration of Financial or Budgetary Implications

- 10.1 There is a set amount of funding allocated for the Community Grants and Community Consultation funding:

10.1.1 Community Grants - \$219,000; and

10.1.2 Community Consultation Fund - \$27,006.

- 10.2 There are no budget implications from these decisions provided the funding allocated is within the budget available.

11 Significance and Engagement

- 11.1 The decisions sought in this report have a low level of significance. They do not have financial implications; they are not dealing with strategic activities or assets and they are not resulting in changes to the Council’s levels of service. The decisions will have some public interest, although this is considered relatively low.

- 11.2 Consultation is not necessary on the decision to allocate Community Grants funding due to the low level of significance of the decisions and it is the role of this Subcommittee to allocate this funding.

12 Conclusion

- 12.1 There is funding in the Community Grants budget to allocate and applications have been sought from groups wishing to access the funding. The funding criteria needs to be applied to the consideration of the funding requests.

13 Next Steps / Timeline

13.1 We will advise the applicants of the Subcommittee's decisions following the meeting.
