I, Philip Smith, of Motueka, solemnly and sincerely AFFIRM:

1. I provide this affidavit in support of the resource consent applications RM210785 & RM210786 by RuRu Building Ltd, in my capacity as a former owner of 54 Green Lane, Motueka, legal description [LOT 12 DP 1512] ("the property").
2. I owned the property from 4 April 2010 to 1 April 2021. During that time I used the property for market gardening.
3. I can confirm that during the time that I owned, used and occupied the property there were no chemicals mixed or stored onsite, the shed on the property was used only for storage of farm equipment, not chemicals. The only chemicals used on the property were Bravo, Orthene and Ridomil which were mixed on our property at 67 School Road, Riwaka 7198, and then sprayed onsite intermittently via a 15 litre backpack spray container.

Affirmed at Motueka this 20th day of December 2021
