

613 **Change 58: Stormwater**■ **DECISIONS AND REASONS****Final Decision 613.1**

C58.806.1	NZ Transport Agency	Allow
C58.806.2	NZ Transport Agency	Allow

**Plan Amendments***Plan Topic 6.17.3*

Add new policy:

"6.17.3.11 To mitigate any adverse effects from stormwater on the state highway and associated infrastructure."

*Plan Topic ZM 58*

No Plan amendments.

*Plan Topic ZM 91*

No Plan amendments.

**Reasons**

1. The rezoning is a direct result of Council's growth model project, which considered the capacity of the stormwater network in a general sense. It was not considered a constraint.
2. The Plan changes are consistent with existing objectives and policies, as well as new provisions introduced under Chapter 6.17.
3. Consultation already occurred with NZTA and further discussions are underway to alleviate their submission concerns.
4. Stormwater is a matter to be addressed at subdivision stage, and through continuing infrastructure investment through the Long Term Plan.
