7 Dec

Dear Gary

Just want to reiterate what I said last night - Thank you! Graham + I went out last night - no back packs, no need torches + drove straight to our doorstep. We are really delighted that the bridge is just about finished + things are back to normal. Thank you for your part in making it happen. I can be honest is saying we didn't think it could possibly happen by Christmas - it did.

I hope 28th Dec passes this year without incident! it'll be a huge relief all round.

Thanks once again + we look forward to seeing you at the opening.

Jenny (Pomeroy)

John
