SUBJECT: Mayor's Report

MOTUEKA GREEN RUSH NEWS

The Motueka I-SITE report shows a very positive financial result – a great credit to the management.

I have continuing concerns as to how our District is being, or in some cases not being, promoted. We need to review our costs and the overall efficiency of promotion. I am recommending a thorough review of the present practice.

ARMISTICE DAY

A Street Parade of military vehicles and a Service followed by morning tea was supported by TDC and well received by the RSA and its members.

ZONE 5, TIMARU

R Dickinson attended, and will report.

AIRPORT AGM

A satisfactory year was reported to Shareholders at the recent AGM. I have recommended that Chair Ian Kearney attends a future Council meeting and reports in detail.

CEO APPOINTMENT

Meetings with our Consultant Brannigans Human Capital have resulted in a situation where regrettably, due to circumstances beyond anyone's control, our final recommendation cannot be made to Council until after a further interview scheduled for 23 November 2006.
