

## **REPORT**

**TO:** Chair & Members, Motueka Community Board

**FROM:** Chris Choat, Communications Adviser

**DATE:** 10 August 2010

**SUBJECT: Communitrak Survey Results – RMCB10-08-08**

---

### **Purpose**

To report to the Motueka Community Board on the Communitrak Survey Results for 2010.

### **Discussion**

Community Board member Duncan Eddy recently contacted the author with regard to the results of the recent Communitrak Survey and the results of the previous two years, 2008 and 2009.

The information sought was related to contact with Council; specifically, who do residents approach first if they have a matter to raise with Council.

The 2010 results have yet to be finalised, however, the results of the two previous years' surveys pertaining to this question are attached. The 2010 results will be discussed by Council in September 2010.

While a great deal of confidence can be attributed to the results and the general findings are sound, readers must acknowledge it is apparent there is a limited amount of confusion as to the roles performed within local government and the identity of those within the roles.

### **Recommendation**

**That the Motueka Community Board receives the Communitrak Survey Results Report RMCB10-08-08.**

Chris Choat  
Communications Adviser
