

# STAFF REPORT

**TO:** Motueka Community Board  
**FROM:** Utilities Asset Manager  
**REFERENCE:** E859  
**DATE:** 17<sup>th</sup> June 2005  
**SUBJECT:** Coastal Pipeline

---

## BACKGROUND

Joseph Thomas and I received an invitation to speak to the Motueka Community Board about the Coastal Pipeline.

## UPDATE

I wish to advise the Motueka Community Board that there is going to be a full Council Workshop held later this year, which the Motueka Community Board will be invited to attend. At this point in time as all the information is not finalised, I feel that it would not be productive to discuss this issue now.

I will contact the Motueka Community Board as soon as the Workshop date is finalised.

J Cuthbertson
