

Community Board Meeting - Motueka 20.08.2019  
To: Mr Chairman & Members of the Community Board.

- 1 To encourage a high level of community pride and ownership in our new proposed library could I call on our Community Board to support the inclusion of a Maori name and carved (locally) posts for the front entrance. I understand the Wakatu Inc. considers Motueka as its hub.
- 2 As our weather appears to be warming up now could a reminder be made to the appropriate workmen to please ensure the two tatty S/L's outside the frontage of our Motueka Museum be repainted before our coming tourist season.
- 3 In response to David Kemp's (Ph.02/183/668) presentation at our July 2019 Community Board Meeting when he mentioned the need for "friendly" seating areas to help all age groups be more attracted to public places and thus overcome problems of isolation, loneliness and a lack of social connection. I researched whether a manufacturer of Meritage Seating was still in business and confirmed yes and certainly would be glad to help in such a project as David's.  
Also Meritage Chairs for personal memorials.  
Contact persons for Wakefield & Brightwater Main street upgrades.
- 4 Having read the Agenda for this meeting I noticed on page 17 an article from Stephane Mino-Vercellio about "Community Boards championing localism" and a preparedness for LGNZ personnel to speak to our Community Board on this topic. Could we be prompt in giving an invitation.

Thankyou Mr Chairman.
